Product Design Engineer — I ship in code: booking products, design systems and the headless primitives under them. Nearly five years at startups, usually as the only designer.

Selected work

Chess on WhatsApp
Oct 2026

Concept for Chess.com · Live on WhatsApp · Case study

Chess.com's daily puzzle and a coach in a WhatsApp chat, in 12 languages.

Court booking on coss ui
Oct 2026

Open source · Live · Code

- Rebuilt Project 831's booking product on Cal.com's coss ui and Base UI, all 55 components unmodified: booking, holds, the desk, members and payments.
- Headless primitives of my own where coss has none (slot grid, recurrence, time zones), keyboard- and axe-tested. **433 tests**, 74 demo states.

Project 831
Mar 2026 – now

Co-founder, design & engineering · Case study

- A two-court pickleball venue in Jamshedpur. I designed and built the system it runs on: booking and payment inside WhatsApp and on the web, a staff desk PWA, memberships and a kids' programme.
- Self-serve bookings went from **15% to 74%** (May to September); **₹5.6 lakh** taken through the system since May; 69% of people who open the WhatsApp flow go on to book. 1,698 commits, 70% co-authored with Claude Code.

Experience

Travelopia
Sep 2024 – now

Product Design Engineer · remote

Built Helix, the design-in-code workspace ten brand teams use. Redesigned Le Boat's checkout from my user-tested prototype; damage cover per booking nearly doubled. Since Sep 2026, growth design for The Moorings and Sunsail. Built the captain, a crew of Claude Code agents that works my design queue.

BiteSpeed
Oct 2024 – Jun 2026

Product Design Consultant · contract

Designed and built the AI Marketing Agent end to end: the idea, UX and UI, the front end, and the analysis and prompts behind it.

BiteSpeed
Feb 2023 – Sep 2024

Product Designer · Bengaluru

The only product designer, across product, brand and growth. Designed Broadcasts and Journeys, and the investor deck. Named Best Employee in three quarters, 2023–24.

Dukaan
Jan 2022 – Feb 2023

Product Designer

Redesigned checkout for a **+23% lift in conversion**; built Dorsome, the design system; shipped 10+ features.

Earlier
2018 – 2024

Mentoring and film

10kdesigners: Designer in Residence, then Design Mentor (2021–24). Before that, production sound mixer on series for Netflix and Prime Video (2018–21).

Skills

Interaction design, design systems and tokens, prototyping, accessibility (WCAG), motion, Figma · React, TypeScript, Tailwind CSS, Base UI, Vitest, Supabase / Postgres · Claude Code

Education

Tata Institute of Social Sciences · BSc Filmmaking, Sound Design & Recording, 2015–18
