BACKGROUND

Tata Institute of Social Sciences
BSc Filmmaking, Sound Design & Recording · 2015 – 2018

10kdesigners
Designer in Residence, then Design Mentor · 2021 – 2024

Best Employee, BiteSpeed
Three quarters, 2023 – 2024

I specify and review; the machine types.

A sound designer for film who became a product designer. Now I design products *and ship them in code*, mostly as the only designer at startups.

EXPERIENCE

Travelopia · Product Designer & Design Engineer — 2024 – now

Joined full-time after consulting on Le Boat, where I set up the design-system foundations for its platform move.

BiteSpeed · Product Design Consultant — 2024 – 2026

Built the AI Marketing Agent end to end. It reads a brand's campaign history, benchmarks it against competitors, sizes the revenue left on the table and writes the campaigns to claim it.

BiteSpeed · Product Designer — 2022 – 2024

The only designer at a funded WhatsApp marketing platform for Shopify brands: Broadcasts, the Journeys builder, ads, landing pages and the investor deck for its fundraise.

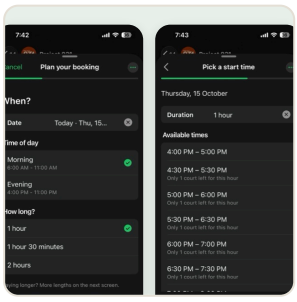

Dukaan · Product Designer — 2022 – 2023

Owned and shipped **10+ seller features**, including the dashboard, RTO optimiser and partial payments. Redesigned checkout for **+23% conversion** and built the Dorsome design system.

Film & series, Mumbai · Production sound mixer — 2018 – 2021

Location sound on **The Fame Game** (Netflix), **Bandish Bandits** (Prime Video), **Hundred** and **Hostages** (Hotstar); dialogue editor on **Gamak Ghar**. IMDb ↗

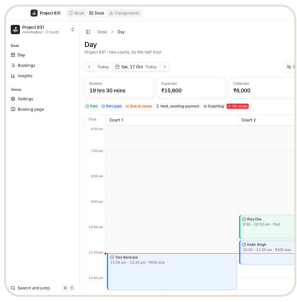

SELECTED WORK

Project 831

Bookings and payments inside WhatsApp and on the web, on one engine. Self-serve **15% → 74%**.

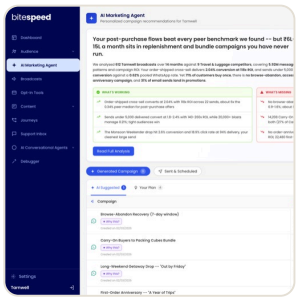

Case study ↗

Court booking on coss ui

831 rebuilt on Cal.com's design system, all 55 components. My Calendar fix is **merged** into it.
